GMAT Critical Reasoning (Manhattan Prep GMAT Strategy Guides)

Synopsis

Adapting to the ever-changing GMAT exam, Manhattan Prep's 6th Edition GMAT Strategy Guides offer the latest approaches for students looking to score in the top percentiles. Written by active instructors with 99th-percentile scores, these books are designed with the student in mind. The GMAT Critical Reasoning Strategy Guide demystifies critical reasoning by teaching a clear, consistent, and effective approach to understanding an argument's logic and choosing the best answer to the given question. Unlike other guides that attempt to convey everything in a single tome, the GMAT Critical Reasoning Strategy Guide is designed to provide deep, focused coverage of one specialized area tested on the GMAT. As a result, students benefit from thorough and comprehensive subject material, clear explanations of fundamental principles, and step-by-step instructions of important techniques. In-action practice problems and detailed answer explanations challenge the student, while topical sets of Official Guide problems provide the opportunity for further growth. Used by itself or with other Manhattan Prep Strategy Guides, the GMAT Critical Reasoning Strategy Guide will help students develop all the knowledge, skills, and strategic thinking necessary for success on the GMAT. Purchase of this book includes one year of access to Manhattan Prep's Critical Reasoning Question Bank. All of Manhattan Prep's GMAT Strategy Guides are aligned with the 2016 Edition GMAC Official Guide.

Customer Reviews

Excellent book! I was really struggling with these critical reasoning questions on the first mock GMAT I took, but after reading this book, I think I have a better grasp on them.

Describe how to go into solving the problems in detail. I significantly improved in this section.

A Saturday afternoon with this book and you're done- easy to understand and good clear examples. Try not to do all examples.
