Autism Spectrum Disorder In The Inclusive Classroom, 2nd Edition: How To Reach & Teach Students With ASD

Synopsis

With 1 in 68 children now being diagnosed with Autism Spectrum Disorder, every teacher needs to be ready to teach children with ASD. This engaging and informative book—now completely revised and updated to reflect the latest statistics and research—will both help you understand your students on the autism spectrum and provide strategies to help them succeed in school. Drawing on 25 years of experience working with students with ASD, Barbara Boroson guides you to create a classroom community that is attuned to the needs of children with ASD and allows all of your students to learn and grow.

Customer Reviews

I am finding this book very helpful from a layman's point of view. I'm not a trained special Ed teacher and need much more training to work with the autistic population. What is happening in my district is students on the spectrum are being assigned to regular ed classrooms but teachers have little knowledge about the situation. This book is at least an introduction.

I've been using Barbara Boroson's book in my Foundations of Autism class at University. The 2nd edition is wonderful. Updated information, teacher tips that can be used immediately in the classroom, and I love the new There's an App for That feature. Thank you Barbara for another helpful book for my preservice teachers!!

Great book with very good ideas. Plan to share it with gen Ed teachers I work with
