# P.O.W.E.R. Learning And Your Life: Essentials Of Student Success

## Synopsis

P.O.W.E.R. Learning and Your Life is the only first-year experience text created specifically for the non-residential, commuter student and campus. These students face unique challenges and as they typically work full- or part-time, juggle work and family obligations with school, and they may be the first person in their families attempting a post-secondary education. The focus of P.O.W.E.R. Learning and Your Life is on real application of P.O.W.E.R. strategies in a program-specific approach through the use of photos, examples, and activities tied to general education courses (such as math, English, etc.) and careers through the use of P.O.W.E.R. principles.

## Customer Reviews

did not come with the connect login password as it should have. Now I have to go buy another book for 62.00 dollars to get the connect code. BIG TIME RIP OFF !!!

The manual P.O.W.E.R. Learning and your life is an excellent example of how organizing your tasks will make it easier to complete them well. This text breaks down how to listen, take notes and review the materials you are learning about and this skill will carry you through the rest of your life.

The book arrived before estimated date. However, the book was not as kept and has obvious wear and tear. Nonetheless, it served its full propose. A brand new book cost \$60, I purchased it for \$1.80. I really cant complain... I'm thoroughly satisfied!

P.O.W.E.R is an unnecessary read for most. It has some good points to it, and for someone in high school it would be beneficial. But at a college or greater level this book contains nothing that is new, and if you've passed high school and are pursuing college, you already know most of what is in this book

Ordered from HPB. Great product. Fast shipping. Great quality. I used it for my class and all my friends are jealous because this is bound at the spine. All of their books are just pages in a 3 ring binder.

This was close enough to the book I needed for my NoVA class, unfortunately it was an edition behind but it didn't seem like too much had changed from what everyone else had and I still got an A in the class.

Can anyone tell me if this book comes with the access code for the on-line companion website to this book?

Quick and easy, not to mention it was half price then the school book store. Came packaged nicely and looked like I had purchased it from the store. I have recommended this to everyone I know to save them money.
