100 Ways To Love Your Wife: A Life-Long Journey Of Learning To Love

Synopsis

Who doesn't want a great marriage? It doesn't have to be a fantasy. Your journey to an excellent marriage can start right now. Maybe you have a good marriage but you're looking to take it to the next level. This book will teach you how. It's not complicated. Couples with great marriages know a simple truth: The best marriages are made up of a lot of everyday decisions that say, "I love you" rather than those that say, "I love me." There's a good reason the Good Book says that the man who loves his wife actually loves himself . . . it's true! So, why not get started loving yourself by loving your wife in ways that say love to her? This book teaches practical, hands-on advice you can start applying immediately. A loved, fulfilled wife is a happy woman, returning to her husband more than he ever poured into her soul. Maybe you've made some mistakes and are struggling to connect, maybe you want your marriage to go from good to great. Wherever you currently are in your relationship, this book teaches men who are serious about loving their wives how to be successful husbands and lovers. And, if you're thinking of getting married some day, you can get a head start on the process of being a loving husband. This is an excellent volume for the soon-to-be married man, as well as the "veteran" husband.

Enough of the pathetic failed marriage stats already...Matt's book is a fantastic reminder that if we men can make a thoughtful investment in loving our wife we can see a return on that love investment "with interest". How True. The sooner you read Matt's book the less risk you might have of learning the hard way or losing altogether. Thank YOU Matt!!! I think my marriage is good but

now, after reading your book, it is even better, stronger, and healthier.

It is a very strong statement to make when you say that something will change your life but this book has for me. One thing is clear from Matthew's writing, there are no shadows and no hold backs from him. His ideas of real and needed change for men who say they love their wives but need to love them more are solid, direct and encouraging. We as men are responsible to lead, nurture, protect, and provide but most importantly "to love" our wife. Take a step of faith and risk being changed for the better by reading and changing. Thank you Matthew for the honesty of being a "real man".

"Every wife has a deep desire to be cherished.." ~Matthew Jacobson Marriage usually isn't the fairytale most expect it to be. Staying married can be hard work and requires an advanced state of commitment. Long term success is usually only possible if partners learn to love each other in a deeply spiritual way, setting selfishness aside. And the truth is most women are the ones reading the relationship books (I've read over 120 so far). That is what makes this book so valuable. It is written directly for men who are willing to go the extra mile. This is the type of book every woman will want her husband to read. Don't wait until your wife says: "I regret the day I married you - I want a divorce." Don't think it can't happen to you. Even the most committed woman will start wondering if her marriage is worth it when she is not treated properly and with care. This book presents 100 ideas for turning your relationship around in a hurry. I read the kindle version but will be buying my husband the paperback. Only one thing...be careful where you leave chocolates because a pet might get them if you leave them on a pillow, etc. Chocolate is toxic to dogs at least. Otherwise this book has great advice. ~The Rebecca Review

I got this book with intentions of having my husband read it and to talk with him about working on making our marriage better together but wanted to read it first. Loved most of the points in this book! Very very true and something husbands need to understand. :)

This book was just great. It was a quick read but very practical. He gave you numerous examples on how to love your wife and examples of how not to. Some of the chapters were super short but since each chapter was one of the ways to love your wife it worked out. Great read!

This is a book I believe I'll go back too often over the years. It's practical and gives new or old husband actionable steps to love your wife as Christ loved the church. Believer or not this book has

great tips for being a loving husband.

This is a good book for me, I really enjoyed it because I am getting ready to be married and many of the ideas in here never crossed my mind. Now I can love my woman in ways I didn't think about and build the foundation together to make it an epic marriage

I know this one's not for the ladies, but after going through Lisa's book (100 Ways to Love Your Husband) I had to read this one too! I love the relationship between Matthew and Lisa. His ability to bring this out in the way that he does is absolutely beautiful. This world needs more men like Matthew who not only cherish their wives, but encourage others to do so as well!
