Little House On Bull Run

Synopsis

In the early 1930s and continuing through the early 1960s, historic change swept, slowly at first, then like a raging forest fire, across rural Kentucky. Little House on Bull Run, a collection of 40 stories set in 33 different counties, chronicles that which was lost. Each is a written account of the first-person oral recollections of those who lived them.

Book Information

Paperback: 284 pages

Customer Reviews

For anyone that wants to know what life was really like in the majority of the US, this is required reading. The stories are descriptive and in many cases, heartbreaking. We forget what a struggle it was to survive in the rural economy and how isolated the population from the changes that WW2 brought forth. Reading these stories makes one realize how blessed most of us are in what we have and what we take for granted.
