Rebel Boast: First At Bethel Last At Appomattox

Synopsis

During the Civil War, a family group of five young men marched away to Big Bethel, and two lived to lay down their arms at Appomattox. Through their letters and diaries, they left a testimony to what men they were, and how they fought and triumphed and lost. This first reprint, written from the common soldier's viewpoint, was nominated for the Pulitzer Prize in 1956.

Manly Wade Wellman did an immense amount of research to fit this book together so well. It's based on the stories of 5 men: George Wills, Cary Whitaker, Sim Whitaker, Johnny Beavens, and Billy Beavens; kinsman, who enlisted in the Confederate Army to fight for what they believed. Where did they go? How did they feel? What did they do day to day? What did they see? How did they live and die? It's all in there. My original interest in the book was because these men are my kinsman. A good deal of information was taken from letters that my Great-great-great Uncle George wrote to his sister, my great-great grandmother, Lucy Wills Hunter. (She's listed in the index along with bookoodles of other people who were sources of information.) I'm not a history fan but Wellman helped me to get to know these men, my kinsman. Pulling from his vast resources, he was able to fill in the gaps that are often left in history books. If this book peaked my interest in history, it's got to be good! Hey, it was nominated for a Pulitzer in 1956!

Most history books are written with no flair. The author gets in the way and fails in telling the true

story. All historians should read this book to learn how to tell a tale. Wellman is outstanding...
