## Synopsis

Check out ngims Publishing's other illustrated literary classics. The vast majority of our books have original illustrations, free audiobook download link at the end of the book, navigable Table of Contents, and are fully formatted. Browse our library collection by typing in ngims or ngims plus the title you're looking for, e.g. ngims Gulliver's Travels. Free ebooks on the web are not organized for easy reading, littered with text errors and often have missing contents. You will not find another beautifully formatted classic literature ebook that is well-designed with amazing artworks and illustrations and a link to download free audiobook for a very low price like this one. The nominal price of this ebook covers the time and effort in formatting the materials and putting everything together in one place for your convenience. As a reader, you would want everything readily available at your fingertips because you may not have the time, interest or know where to look for your favorite book. The Communist Manifesto, originally titled Manifesto of the Communist Party (German: Manifest der Kommunistischen Partei) is a short 1848 book written by the German Marxist political theorists Karl Marx and Friedrich Engels. It has since been recognized as one of the world's most influential political manuscripts. Commissioned by the Communist League, it laid out the League's purposes and program. It presents an analytical approach to the class struggle (historical and present) and the problems of capitalism, rather than a prediction of communism's potential future forms. The book contains Marx and Engels' Marxist theories about the nature of society and politics, that in their own words, "The history of all hitherto existing society is the history of class struggles." It also briefly features their ideas for how the capitalist society of the time would eventually be replaced by socialism, and then eventually communism. FEATURES Includes beautiful artworks and illustrations A link of a FREE audio book to download at the end of the book Active Table of Contents for an easy navigation within the book Saves space and don't have to carry a hard copy around Offers an easy access and convenience to this classic literary masterpiece for a reasonable price Gives a lasting entertainment and values for readers of all ages

## Customer Reviews

My five star rating is based on the quality of this handsome edition of one of the classics of political philosophy. Classics of this magnitude, whether Adam Smith's THE WEALTH OF NATIONS, Tocqueville's DEMOCRACY IN AMERICA, or THE FEDERALIST PAPERS have achieved a status that makes the assigning of a rating rather silly. Regardless of one's feelings about Marxism or Communism, a work of such gigantic influence is of such a status that rating it is almost silly. It is one of the constitutive artifacts of our culture. The particular edition I am reviewing is the recent reissue on Verso with an introduction by Eric Hobsbawm. There are a host of editions of THE COMMUNIST MANIFESTO, and virtually any of them will do the trick, but I very much enjoyed this edition, partly for the handsome jacket and binding, and partly for the superb intro by Hobsbawm. It is not a new translation, and indeed it isn't clear that there will ever be much of a demand for a new translation. The MANIFESTO was first published in 1848 and this translation in 1888. Moore's translation is the standard one for a simple reason: Engels examined it closely and helped Moore in editing the final draft of the translation. Although I had read a fair amount in the writings of Marx over the years, this was my first time to read the work from cover to cover. I found it surprising on several levels. First, it was a much easier to read work than I had anticipated. This is upon reflection hardly surprising. The work was intended as a pamphlet for the masses, and it was essential that it be as understandable as possible. Also, the concepts and ideas articulated in these pages have become a part of the intellectual landscape of Western civilization.
