Very informative. I cried all night when I read this book because I realized I was not alone. This author had lived the diagnosis nightmare that people with lupus face. The author also explains the "imposter" illnesses that can mask lupus symptoms. Five stars are not enough!

I felt like I was reading about myself, couldn't better describe the pain and frustration in waiting for an answer - excellent book - highly recommend!

This is a must read for anyone with Lupus. Good read!
